UNTIL YOU'VE TRIED IT - YOU'LL NOT KNOW HOW GOOD IT IS!

STIXALL is manufactured using the latest hybrid polymer technology and is the ultimate combined building adhesive and sealant, which will bond and seal virtually anything.

STIXALL will adhere to virtually every substrate indoors or outdoors and will even bond and seal in extreme wet conditions, making it the ideal adhesive and sealant on a building site in all weather conditions.

STIXALL'S ultimate performance is backed by a unique 40 YEAR GUARANTEE

STIXALL

Offers all of these benefits... and more

-  Incredible initial grab, no slip and gap filling properties.
-  Can be applied to Wet Surfaces
-  Interior and Exterior Use
-  Powerful biocide prevents mould growth
-  100 Kilos High bonding strength
-  Totally Waterproof & Weatherproof
-  Solvent Free
-  Resistant to Chemicals & Petrol
-  Overpaintable if required (depending on paint type)
-  Resistant to temperature extremes -40°C to +150°C

Stixall bonds virtually all materials both porous and non porous that might be found on a building site, in manufacturing, industrial applications and around the home including:

- | | | |
|----------------|--------------------|--------------------------|
| GLASS | CERAMICS | STONE |
| GRANITE | FIBRE GLASS | CONCRETE |
| BRICK | SLATE | ALL HARD PLASTICS |
| MARBLE | TIMBER | ALL METALS |
| PLASTER | MIRRORS | ROOF TILES |

AND MUCH MORE

STIXALL is water resistant and is an ideal sealant for areas subject to adverse weather conditions such as sealing around windows and doors, guttering, roof tiles, barge boards and soffits etc

In addition STIXALL is the ideal adhesive and sealant for use in wet areas and areas of high humidity.
